

## 2008-2009 DEANS' AND CHANCELLOR'S UNDERGRADUATE AWARDS

### ~~~ ANNOUNCEMENT ~~~

#### DEANS' UNDERGRADUATE AWARDS

In late Spring 2009, fifty undergraduates, 10 from each of the five academic divisions will receive the Dean's Award of \$100 for outstanding achievement in their division.

#### CHANCELLOR'S UNDERGRADUATE AWARDS

In late Spring 2009, the Chancellor will recognize the top three students, from the Deans' Award list, from each division with an additional \$100.

#### STECK AWARD

The Steck Award will recognize what they feel is the most outstanding research project chosen from the fifteen Chancellor's Awardees.

This student will receive an additional \$1,000. In addition, his or her research project will be bound and copies given to the student, the research supervisor, the UC Santa Cruz Library, and the Steck Family whose generous contributions have made this award possible.

Through these awards, the Deans and Chancellor wish to encourage and stimulate outstanding scholarship and creativity among undergraduate students, based on work developed in courses or programs in the normal pattern of academic activity at UCSC. A thesis or project completed in a previous academic year (e.g., finished in spring 2008) may be submitted for consideration unless it was submitted and won an award in a previous year's competition.

Winners will be honored at an awards ceremony on June 5, which will culminate our eleventh annual Student Achievement Week. The names of the winners will also be announced at graduation.

### ~~~GUIDELINES~~~

Submit completed projects and application forms no later than **Friday, April 10, 2009**, to the Department/Committee/Program office in which the project was done. Application forms are available from the offices of the Chancellor, Divisions, Departments, and Colleges.

- All submissions must be accompanied with the application.
- All submissions must include one supporting statement by the faculty sponsor.
- Foreign language projects must be accompanied by appropriate translation.
- Technical papers must be accompanied by an abstract in non-technical language.
- All other submissions must be accompanied by a one page narrative description.
- Musical works must be accompanied by a recording of a performance of the work.
- Visual art works must be accompanied by one or more slides or photographs of the work, in addition to the work itself (if portable).
- Performing art works may be accompanied by a video recording of a performance of the work, but such recordings are not required.
- Previous award winners are eligible only for projects in a completely different area.

Address any questions you may have regarding these guidelines to the Department/Committee/Program or Division to which your project was submitted.
